### ***Education***

**Portland State University:** MS in economics, with a focus in environmental, energy, and natural resource issues (2006--Present).

**University of Montana:** BA in economics and political science (June, 2002).

### ***Experience***

**Policy Associate, Renewable Northwest Project:** Non-profit organization promoting renewable energy development in the Oregon, Washington, Idaho, and Montana (July, 2007—Present).

- Work with members (renewable energy developers and environmental organizations) and other constituencies to build consensus on energy policy issues.
- Advocate for policies supporting renewable energy development before Public Utility Commissions, State Legislatures, the Bonneville Power Administration, and the Northwest congressional delegation.
- Focus on high-voltage transmission and variable energy integration policy issues and technical analysis.

**Research Assistant, McCullough Research:** Energy consulting firm focusing on the 2000-2001 West Coast energy crisis and Enron litigation (November, 2004--May, 2005).

**Legislative Assistant, Alaska State Legislature:** Chief committee aide for the House Fisheries Committee and aide to Rep. Seaton (2002--2004).

- Responsible for daily operations of the committee.
- Policy analyst for Rep. Seaton.
- Carried bills through the legislative process.

### ***Volunteer***

State of Montana Initiative I-145 to buy back recently deregulated hydroelectric dams (2002); AK Representative Paul Seaton's campaign (2002, 2004).

### ***Technical***

GAUSS/GPE2, SPSS, MAPLE, Stata, Microsoft Excel and Access.
